### Ongoing Bhutan Activities

In addition to the daily scheduled discussions and performances, there are ongoing demonstrations of Bhutan’s cultural and ritual traditions throughout the Festival site. Visitors are invited to meet Bhutanese participants to learn more about the kingdom’s rich heritage and diverse environment through zorig chusum (thirteen traditional arts), monastic arts, foodways, traditional medicine, Bhutan’s national sport of archery, and other recreational activities.

### Ongoing NASA Activities

In addition to the daily scheduled discussions and presentations, there are ongoing demonstrations of NASA’s occupational culture throughout the site. Visitors are invited to meet NASA personnel and to learn more about aeronautics, astronomy, earth science, human spaceflight, moonbuggies, NASA history, propulsion, robotics, space art, space science, and new technologies derived from NASA research.

### Ongoing Texas Activities

In the Texas Wine Making tent, representatives from nine of Texas’s most famous wineries will demonstrate the science of wine production, from vine to bottle. Visitors will go on a virtual tour of a vineyard and a winery to learn about the grape harvest, grape crushing, fermentation, wine aging, and bottling. They will be invited to smell ingredients that give wines their flavor and aroma, and young visitors will be able to participate in a daily grape stomp.

### Bhutan Kids’ Activities

Visit the Treasure Hunt tent to pick up your “Treasures of Bhutanese Culture” activity sheet, which will help you discover the right lucky signs, learn some Drongkgla (the national language of Bhutan), and find new ways to explore the Bhutan program. Elsewhere on-site, you can color your own Bhutanese postage stamp and mail it, make traditional Bhutanese biscuits, learn some Bhutanese dance steps, try on a kira or ghoo, draw and paint in the Bhutanese style, use a block print to make a prayer flag, and more.

### Ongoing Texas Activities

In the Texas Wine Making tent, representatives from nine of Texas’s most famous wineries will demonstrate the science of wine production, from vine to bottle. Visitors will go on a virtual tour of a vineyard and a winery to learn about the grape harvest, grape crushing, fermentation, wine aging, and bottling. They will be invited to smell ingredients that give wines their flavor and aroma, and young visitors will be able to participate in a daily grape stomp.

### Bhutan Kids’ Space

Visit the Kids’ Space tent to pick up your Mission Guide booklet, which is filled with fun activities, such as designing space vehicles and making craters. You’ll earn a NASA reward to take home for finding solutions to challenges in the NASA program tents. There will also be opportunities to meet NASA scientists and engineers, see exciting science demonstrations, and participate in some awesome events. Check the Kids’ Space schedule daily.

### Ongoing Activities

- **Saturday, June 28**
  - **11:00**
    - Bhutan Kitchen
    - Four Friends Narrative Stage
    - Trash Stage
  - **12:00**
